

TRIPOD BAGS

A tripod is a wonderful thing. Carrying one never has been...until now. At Manfrotto, we know more than most about how the subject, so it was in our own interests as much as it was in yours to develop a complete range of carrying and transportation solutions designed around the one piece of photo or video kit that most bag manufacturers conveniently choose to ignore... our own beloved tripod. With our new carrying systems, we've worked from the inside out to invent new contoured bag shapes that fit your kit and offer convenient ways of setting up and breaking down faster, a "space pad" that lets you shoulder carry your tripod without risking bangs and bruises, an open backpack that keeps your hands free, your tripod protected and weight to a minimum. Whether you want a handle or strap that doesn't even have to be removed from your tripod when you set up a shoot, or whether you need a protective shell to get your kit safely through baggage hall hell, we're pleased to say we've got the solution. With innovative technical features, prime materials and first class construction methods, the quality of all our bags and carrying solutions is up to the high standards you expect from Manfrotto.

Central handle
(on models **MBAG120P**, **MBAG100P**, **MBAG90P**)

High quality, durable ballistic nylon.

Padded Tripod Bag
(models **MBAG120P**, **MBAG100P**, **MAGB90P**, **MBAG80P**).

Padded end protects tripod head.

Easy-grip zip opening

Adjustable carrying handle to better balance during transportation heavy heads mounted on the tripod.
(on models **MBAG120P**, **MBAG100P**, **MBAG90P**)

Shoulder strap

End handle (on models **MBAG120P**, **MBAG100P**, **MAGB90P**, **MAGB80P**, **MBAG80**)

Internal pocket holds video head pan bar (on models **MBAG120P**, **MBAG100P**, **MAGB90P**)

End opening allows for faster "quiver"- style extraction and insertion of the tripod.

PADDED TRIPOD BAG 120CM MBAG120P

The largest bag in the range, the MBAG120P is padded to protect your equipment and has the following features:

- Asymmetric tapered shape allows you to store the tripod with the head attached. Tripod legs fit comfortably in the narrower end (diameter 20cm) and extra space is allowed for the larger volume of the head at the wider end (diameter 23cm).
- Zip extends down the length of the bag, but also fully opens the top end of the bag.
- Thermoform padding holds the tripod in place in the bag and protects it, especially the head, during transport.
- Inner pocket holds accessories (such as video head pan bars)
- Innovative design and style; ballistic nylon, zips and other materials used are of top quality
- Can be hand-carried horizontally by the side handle, vertically by the end handle (also useful for storage), or shoulder-carried using the included strap.

PADDED TRIPOD BAG 100CM MBAG100P

Same design of **MBAG120P** different size and without the double positioning carrying handle

PADDED TRIPOD BAG 90CM MBAG90P

Same design of **MBAG120P** different size and without the double positioning carrying handle.

PADDED TRIPOD BAG 80CM MBAG80P

Basically the same as **MBAG120P**, but smaller, and without the side handle or inner accessory pocket. The MBAG80P is also narrower than the other padded bags. The narrow end measures 13cm diameter, the wide end measures 15cm.

UNPADDED TRIPOD BAG 80CM MBAG80

The MBAG80 is an unpadded tripod bag.

- Slightly tapered to provide a better fit for your tripod with attached head. The wider end of the bag accommodates the head without requiring all levers to be removed.
- Zip extends down the length of the bag, but also fully opens the top end of the bag.
- Logo end cap is padded to offer protection to the tripod head, the rest of the bag is unpadded.
- Shoulder strap included (the MBAG80 doesn't have either end or side handle) .
- Innovative design and style; ballistic nylon, zips and other materials used are of top quality.

UNPADDED TRIPOD BAG 70CM MBAG70

Same as **MBAG80**, but slightly smaller.

MINI AIR BAG MBAGD

The smallest and simplest model in the range, the **MBAGD** is an unpadded rucksack-style bag for small tripods. It has a bungee cord top opening and adjustable straps. In resistant nylon with printed Manfrotto logo.

Tripod Carrying Systems

102

102NAT

440STRAP

LONG STRAP 102

The 102 strap is a basic but convenient way to carry your kit. It has a spring clip that fastens quickly to the steel ring at the shoulder of the tripod, and a closed loop that goes around the feet of the tripod and tightens to grip them securely. Features an adapter for compatibility with all Manfrotto tripods and rubberised fabric for comfort and to avoid the tripod slipping on your shoulder.

LONG STRAP GREEN 102NAT

Same as 102, but in green rubberised fabric to match our birdwatching and nature photography range.

LONG STRAP 440STRAP

Same as 102, but made with a narrower black rubberised fabric (40mm width instead of 50mm).

402

402NAT

441STRAP

SHORT STRAP 402

The 402 is a simple loop strap, with a single spring clip that attaches to the quickly to the steel ring at the shoulder of your tripod. Features an adapter for compatibility with all Manfrotto tripods.

Strap is in grey rubberised fabric for comfort and to avoid the tripod slipping on your shoulder.

SHORT STRAP GREEN 402NAT

Same as 402, but in green rubberised fabric to match our birdwatching and nature photography range.

SHORT STRAP 441STRAP

Same as 402, but made with a narrower black rubberised fabric (40mm width instead of 50mm).

APRON SUPPORT 166

Three compartments hang below the column supported by straps above the leg locks. Fits most Manfrotto tripods.

BUCKET BACKPACK 540BB

Faster to use than a traditional back pack; more convenient than having to carry your tripod in your hand or under your arm - the bucket back pack is especially useful on longer journeys or on wilder terrain, where you still need to know that you can release the tripod, set up and shoot in seconds. It's designed to hold any of our tripods with any video head attached: the head is placed in the lower "bucket" where its weight is better supported and less likely to swing off balance and hurt you, the legs extend up your back and are firmly tied in position. For birdwatchers, aeroplane enthusiasts and other users of spotting scopes, the bucket backpack will also let you transport your whole kit, with scope attached - as shown, the scope is cradled in the lower part of the back pack, and the tripod legs extend up your back.

HAND A LONG 458HL

Hand carrying strap system for 190 and 055 range of tripods, made of two adjustable straps, one to set the hooks distance when mounted on the 055 or 190 models and the second to bind together their legs to avoid their opening during the transportation.

QUICK ACTION STRAP 401N

A quick and easy accessory for carrying your tripod when walking, hiking, cycling or just getting from shoot to shoot. Use the shorter straps to fasten the padded 401N to one of the legs of your tripod, bind the remaining legs together using the longer adjustable quick release straps, sliding the tripod over your shoulder and you're ready to go, with your hands free to grab those vital last minute items. The padding helps hold the tripod in place and protects your back from bruises and chaffing. The 401N even stays attached to your tripod when shooting (all you need to do is release the longer quick release straps so you can manoeuvre and position all three legs), so you're always ready to capture the images you want, but also always ready to move off again to the next location.

The strap stays attached to your tripod when shooting

Straps can be removed and custom-positioned to better match the size of your tripod
